

# Science Discussion Group

**Question:** Do you know the link between Kermit the Frog and the U.S. Clean Air Act?  
**Answer:** Check out Robert F. Service's story on p. 463 of the April 19 issue of *Science*

## ***Future meeting dates:***

<u>Date</u>	<u>Place</u>
May 9	Cafeteria
May 16	Room A
May 23	Cafeteria
May 30	Room A

Time for all meetings:  
12:30 p.m. to 1:30 p.m. at  
Berkner Hall.

**You are invited to join a discussion group exploring current scientific events and issues**

**Date: Friday, May 3**

**Time: 12:30 p.m. to 1:30 p.m.**

**Place: Berkner Hall, Room D**

## **Suggested Topics:**

- Highlights from American Chemical Society (ACS) meeting (*Science*)
- Melting glaciers release ancient relics: caribou dung, freeze-dried birds and rodents, and human artifacts, among other things (*Science*)
- Ubiquitous herbicide (atrazine) emasculates frogs (*Science* and *Nature*)
- Some membranes allow large particles through far more readily than smaller ones (*Science*)
- Dengue fever: It exacts a devastating and growing toll on public health in the tropics. Status report (*Nature*)
- Profile: Fisheries biologist Daniel Pauly, an outspoken and often controversial critic of modern fishing practices (*Science*)
